

NO1 <Hitting Precautions>

1. Note that the orientation of the fairway to wind direction is from southwest to northeast. The tee width is approximately 45 yards, and it is a downhill terrain. There is a pool about 70 yards from the left side of the golf tee, and there is an obvious downhill about 100 yards in front of the green.
2. The green area, sand pit, grass pattern, and surface height configuration are shown in the figure.
3. The attack route suggestion for hitting the ball is as shown in the figure.
4. Notes:
 - (1) The yardage indicates the distance of the tree from the center of the green as the base point
 - (2) The marked yardage distance on the tee is based on B (PRO TEE)
