

NO9 <Hitting Precautions>

1. Note that the orientation of the fairway to wind direction is from northeast to southwest, and the tee width is about 40 yards. The terrain is a left-handed downhill slope in front of the green and then an uphill slope and is rugged. From about 330 yards on the right side to the right rear of the green is a pool. About 390 yards on the left side, there is a pool at the left rear of the green.

2. The green area, sand pit, grass pattern, and surface height configuration are shown in the figure.

3. The attack route suggestion for hitting the ball is as shown in the figure.

4. Notes:

(1) The yardage indicates the distance of the tree from the center of the green as the base point

(2) The marked yardage distance on the tee is based on B (PRO TEE)
