

NO12 <Hitting Precautions>

1. Note that the orientation of the fairway to wind direction is from northeast to southwest. The tee width is about 50 yards. The terrain is downhill and then uphill, and there is a curved sand pit on the lower left of the green.
2. The green area, sand pit, grass pattern, and surface height configuration are shown in the figure.
3. The attack route is directly to the flagpole position as shown in the figure.
4. Notes:
 - (1) The yardage indicates the distance of the tree from the center of the green as the base point
 - (2) The marked yardage distance on the tee is based on B (PRO TEE)
